JUNIOR-SENIOR BANQUET HELD AT COUNTRY CLUB

Forest Heights Country Club was transformed into an old fashioned garden Thursday evening as the Juniors honored the Seniors at the traditional banquet marking the beginning of festivities concluding with the formal commencement exercises.

Each year the mothers of Juniors come up with colorful and original ideas. A garden party theme was carried out in decorations and favors. The class colors, red and white, and the class flower, red rose, fitted into the theme. A white trellis covered with rambling red roses marked the entrance to the ball room. Floor baskets filled with Easter lilies, Queen Anne's lace and red gladioli bordered the dance floor, while lovely arrangements of red gladioli, red roses and snapdragons were used on the tables. Tables seating four were centered with white candles tied with red ribbons. Place cards were miniature white diplomas tied with red ribbons. Favors were miniature boxes of candy. For the boys there were small bottles of hair tonic, and miniature crocheted garden hats in pastel colors were presented to the girls.

The table, in horseshoe shape, was attractively decorated with trailing ivy, morning glories, and metal butterflies in gay colors. The butterflies also served as place cards. Two lovely arrangements of cut spring flowers marked the officers' table.

Fifty-Five Students Brooklet News

In Register High Periods 845 Books

Loretta Tucker Reads 74.
A night's reading 64

The thirty-five students of Brooklet High School, who are the most popular in the school, have been reading the day's news in the school paper, the Brooklet News, for the past year. They have been reading the paper, or to select one of the many current magazines to read.

Mrs. Chas. A. Cates, English teacher of the 8th, 9th, and 11th grades has made a survey of the reading done outside of class time. The students compiled this information recently and found that the 55 students in these 3 classes had read a total of 845 books this school term. That shows an average of about 15 books per pupil that have been reading solely for enjoyment. Reading tests show that these students who are doing a lot of outside reading have improved as much as the students who have not been reading. Students feel that they have learned to "Read for the joy of reading."

In the eighth grade Hudson Temple is leading his class with a total of 25 books read. Jack Quick is second with 20 books read. In the ninth grade Loretta Tucker is far in the lead with 74 books read, and Annette Crumley follows her with 64. In the 11th grade Eugene Waters has read 14 books. Betty White is second with 13. All material read by students was approved material, with thought given to the individual student's reading level.

The grammar school students are also frequent visitors to the library. They average reading 4 to 6 books per pupil per month. Many new books have been added to the Register Library this year. A professional shelf has been added for the teacher's use, and a small collection of adult fiction has been added for the community's use.

REGISTER 4-H CLUB

The Register 4-H club held their last meeting of the year Tuesday May 9. New officers were elected for the coming year. Girls president, Eddie Fay Anderson, vice president Dale Waters, boys president Jimmie Bowen, secretary and treasurer, Jeanette Mallard, program chairman, Nancy Riggs, reporter, Jonelle Lanier, advisers, Mr. and Mrs. Ottis Waters, and Mr. and Mrs. Carlos Brunson.

Mr. Dyer distributed 4-H posters and stickers to the officers.

Liberty Bell Will Be Here May 22

An exact duplicate of the Liberty Bell will be in Statesboro May 24 at 10 a.m., on the court house lawn, Kermit R. Carr, Independence Bond Drive chairman, announces.

These duplicate bells are touring the United States and will ring out a message of thrift from May 15 to July 4, and urge Americans to "save for your independence," Mr. Carr stated.

The full-scale copies of the historic shrine in Philadelphia have been donated by the copper industries of the nation.

Mayor J. Gilbert Cone will welcome visitors and the bell to Statesboro and C. B. McAllister, executive vice president of the Sea Island Bank, will discuss the need for investing in saving bonds today.

S. W. Lewis, Inc. will provide a truck for the speakers' platform Wednesday.

Mr. Carr thinks this is more than a bond drive. It is the revival of interest in historic America with an inspiring moral for today.

sent. Warrick also pledged to enter a queen in the contest.

The Sinkhole featured a covered dish supper and a discussion on boll weevil control methods as recommended by the experiment stations.

A motion picture on life in the Blue Ridge and Smoky mountains was a part of the Ogeechie and Sinkhole programs. Each of the groups discussed the use of propane gas in farm tractors; in addition to Mr. Mikell's discussion of the livestock board bill.

Keep Car in Good Shape, Says Chief

Cars driven on the streets of Statesboro in unsafe mechanical condition were cited today by Chief of Police Henry Anderson as the target of the May program of traffic safety education sponsored by the Georgia Association of Insurance Agents in cooperation with the Georgia Safety Council.

"Keeping your car in good, safe repair," Chief Anderson said, "is very similar to keeping your teeth in good condition. Everyone agrees that it is important, but when it comes to having a check-up, it is far too easy to delay the inspection until it feels like there might be something wrong."

"Check today on such weaknesses as: brakes that are not equalized, fail to hold, or that must be jammed to the floorboard; headlights that are aimed too high, too low, or are out of focus; tires with cuts and fabric breaks that might blow at any time."

"Of the 9,622 accidents in Georgia in 1949," Chief Anderson said, "about 1,055 of them were caused by an unsafe vehicle was involved in an accident."

The Georgia Association of Insurance Agents has been sponsoring this May program of traffic safety education, "Check your car... Check Accidents." The project is being sponsored by the Georgia Association of Insurance Agents, and the Georgia Safety Council, and Statesboro insurance agents.

ment, and zoning and planning laws.

SIDNEY DODD—"I am on record in the Journals of the House of Representatives as voting for Home Rule for cities and counties, however I feel that some limitation must be placed in any Home Rule bill to keep any minor group from taking control of any situation by a very small percent of the people petitioning for same."

EVERETT WILLIAMS—"Yes."

BONNIE MORRIS—"Yes."

5. Will you work to bring under the merit system those state employees not now under it? (except those in the governor's office?)

SIDNEY DODD—"I am most emphatically in favor of the merit system in all state departments except the governor's office. I think the merit system will strengthen our state, as an example, the Georgia Highway Department, and concentrate on their positions, instead of fearing George W. Herndon of Tombsboro; John L. Kelly of Odum; Douglas Moore of Juniper; Roger E. Parsons of Yancy, Ky.; Miss Bobby-Quick of Milledgeville; and Alvin Williams of Pulaski."
